Subject to revision. Will be posted as v1, v2 etc.

Let's look at it now, but also please take time to read it. It's our social contract for the course.

Optional

Email me what would amount to about a one-page autobiography.

- Where are you from?
- What do you want to be when you grow up?
- Personal trivia is a win!
  - Real example: I like really bad movies

In addition to giving me a sense of who you are, please include your expectations for the class, anything specific you hope is covered, etc.

Email the assignment to me. The subject line should read

- Autobiography – your name
- Example: Autobiography – Jim Burkman
